Hunt Groups (Multi Line Hunt Groups - MLHG)

There are a number of different types of groups:

- **Hunt Group**, also called a **Multi Line Hunt Group (MLHG)**. When a call comes in to a Hunt Group, each line in the group is rung in turn until someone answers the call. Depending on how your administrator has set up your Hunt Group you may be able to log in and out of the Hunt Group. When you're logged in calls to that Hunt Group will ring your phone. When you're logged out they won't.
- **Call Pickup Group**. If your phone line is in a Call Pickup Group then you can pick calls that are ringing on any other lines in that group by picking up your phone and dialing the Group Call Pickup code.
- **Sim-Ring Group**, also known as a **Multiple Appearance Directory Number (MADN)**. This is a special phone number that, when called, will ring all of the phones within the Sim-Ring Group. The first person to answer their phone will take the call, at which point all the other phones will stop ringing.

Viewing Hunt Groups

If your phone line is in a Hunt Group then there will be an entry in the Group Membership section for it called *Hunt Group: **name***. Click on this entry to view information for that Hunt Group:
