Account Code Options

The Account Code Options window shows you the settings which your administrator has set up for the account code service.

- Call types requiring an account code show you the types of calls which will require you to enter a code once you have dialed the number. In the example above, account codes are only required for International calls.
- Use validated account codes specifies whether your system uses validated or non-validated account codes.
- Account code length specifies the length of account codes you must enter.
- Max incorrect attempts before account is blocked specifies how many incorrect attempts to enter account codes are allowed in a row, before all calls requiring account codes are blocked.
