

Managing Departments

You will see the following screen when you click on the Departments link in the menu on the left of any page in the CommPortal BG Admin interface.

This displays all the departments in your Business Group, along with any configured restrictions on the number of incoming, outgoing or incoming/outgoing calls.

The screenshot shows the 'Business Group Admin Portal' interface. On the left is a teal sidebar menu with options: Home, Groups (with sub-items 'Hunt Groups (MLHGs)' and 'Call Pickup Groups)'), All Lines, Users, Attendants, Group Access, Phones, Services, Departments (highlighted), Short Codes, and Account Codes. The main content area has a teal header 'Business Group Admin Portal' with a user profile 'Henry Jackson' on the right. Below the header, the title 'Departments' is followed by explanatory text: 'Departments divide your Business Group into separately-administrable groups. To edit or delete a department, click on the department in the tree view below.' There is an 'Add Department' button. A table displays department data with columns for Department Name, Operator Number, and three call count columns (500, 300, 200). A search bar is positioned above the table. The table lists 'Accounts', 'Sales', and 'Support' departments.

Department Name	Operator Number	500	300	200
Accounts		500	300	200
Sales	100	-	-	-
Support		-	-	-

If you have a very large number of departments, you can use the *Search for* box to find a department. As you type, matching departments are shown, with the matching text highlighted in yellow
