Subscriber Phone Profiles

From the BG Admin Portal you can also make changes to **Subscriber Phone Profiles** directly.

From the Bg Admin portal click on **Phones** on the subscribers phone you would like to modify click on **Actions** then **Configure Phone**.

Click on the Subscriber Phone Profile you would like to edit.

If you have created a Business Group Profile for this model of phone then you will see these changes on this subscribers phone profile. This page is exactly the same as editing the **Business Group Profile** however any changes made here will only effect this **Subscribers Phone Profile** after the changes have been saved and the phone has been rebooted.

You can also reset the Subscribers Phone Profile from here as well. Reseting the **Subscriber Phone Profile** from here will use the **Business Group Profile** as it defaults. This is useful if the subscriber is having issues after they have made changes to their Phone Profile.

INFO: If no **Business Group Profile** is setup for this device than it will restore the original defaults as when it was first provisioned.

Revision #5
