

Getting Started

CommPortal is a web portal used to configure the features on your new phone system.

With CommPortal you can:

- View missed calls
- Listen to voicemail messages
- Manage your contacts
- Set up rules to route your calls
- Change your CommPortal settings

To get started, go to the login page at <https://commportal.connectbetter.net>

(Please contact your administrator if you don't know your CommPortal password)
